Worksheet C: Three Sources for the SIFT Exercise

Work through these three sources with the SIFT grid (Worksheet A, Task 1). They are linked: the newspaper article and the Wikipedia entry both refer to the same study. Open the links via the QR codes and enter the details in the grid yourself.

(1) The study

White, M. P., Alcock, I., Grellier, J., Wheeler, B. W., Hartig, T., Warber, S. L., Bone, A., Depledge, M. H. & Fleming, L. E. (2019). Spending at least 120 minutes a week in nature is associated with good health and wellbeing. *Scientific Reports, 9*, Article 7730. Open access.

https://doi.org/10.1038/s41598-019-44097-3

(2) The newspaper article

Carrington, D. (13 June 2019). Two-hour 'dose' of nature significantly boosts health – study. *The Guardian*, Environment section.

https://www.theguardian.com/environment/2019/jun/13/two-hour-dose-nature-weekly-boosts-health-study-finds

(3) The Wikipedia entry

"Health", English Wikipedia, revision of 26 September 2026 (permanent link, so that all groups check the same version). Find the sentence that cites the study (section on the environment as a determinant of health).

https://en.wikipedia.org/w/index.php?title=Health&oldid=1376907986

Extra for step T: the press release

University of Exeter (June 2019). Two hours a week is key dose of nature for health and wellbeing. Press release of the university where the study was carried out.

https://news-archive.exeter.ac.uk/2019/june/title_720059_en.html

For fast groups: Compare the headline with the study's title. Which word was changed, and what does the change claim?
